

OOPS, Looks Like The Property Address Was Entered Incorrectly.

Don't Worry,

This is simply a courtesy email letting you know we made the correct change and no sanction was issued this time. For your record, the property address put into FlexMLS did not match EXACTLY how the property address is listed in Wiredata. This could mean punctuation, suffix, or another address error. Please use this email as a reminder to always enter the listing address EXACTLY (punctuation and all) as it is listed in Wiredata.

Accuracy is important to us and our members; address errors may result in listings not mapping correctly in FlexMLS and can prevent the property listing data from populating correctly.

If you have any questions about MLS Procedures call or email us. Have a nice day.
