

Great news!

We have a new membership policy that will help modernize Metro MLS and protect listing data.

WHAT is it?

The new MLS Board approved policy requires all assistants complete a membership application and to have their own username and password.

WHO is it for?

ANY & EVERY

- Agent Assistant
- Office Assistant
- Team Assistant
- Company Assistant

WHEN is it live?

Now. We are currently in a soft roll out, with a mandatory join date coming soon. We are not charging any fees during the soft roll out. Once the roll out period is over, the assistant fee will be \$5 per month. The charge, along with the assistant's name, will be included with the office's monthly invoice.

*It is up to the office to notify Metro MLS of any changes regarding assistants within the office.

WHY make these changes?

- To modernize the way admins are administrated
- To update our policy to local and national standards
- To stop username & password sharing & protect the data

To receive the new assistant log in credentials,
complete the
APPLICATION HERE

Once added to our system, the assistants will receive log in credentials and a Welcome Aboard email packet from us.
